## JEFFERSON HIGH SCHOOL OPENS SEPTEMBER 10

### Nine New Teachers To Be On Faculty For Coming Year

Jefferson Union High School will open for the new school year on September 10. The faculty is complete; the buildings have been repaired and cleaned; programs have been made for all students who selected their courses last spring; and new books and supplies have been acquired to meet the needs of the school.

Nine new teachers will be on the faculty this coming year, according to Stanford Hannah, district superintendent and principal. These nine include John Matthews, returning to the physical education department after several years in the U. S. Navy. Also returning is Durant Moseley who will teach shop and metal work, and will have charge of the stage.

Other new teachers include: Miss Louise Baciocco, a graduate of Jefferson, who will teach arts and crafts. Miss Baciocco has her M.A. degree from the University of California.

Sherman McMillan takes charge of the auto shop. King Stevens is the new teacher of the music courses. Mr. Stevens has some plans for the development of his department. He has had several years of successful experience and much is expected in this part of the school program.

Joseph McGrath, graduate of St. Mary's, will teach freshman social studies and coach the "Frosh-Soph" football and baseball teams. Mr. McGrath has played a lot of football and now enters his profession after active duty with the armed forces.

Madeline Ziller, who did some substitute work at the local high school last year, will become a regular teacher of mathematics and commercial subjects. Gerald Deveroux will teach history and English. Elizabeth Tierney has classes in mathematics, English and history.

Returning teachers and their fields are: Mrs. Effie Anderson, girls' counselor and student activities; Mr. John Morgan, boys' counselor and attendance; Mr. Victor Binsacca, mechanical drawing, coaching; Miss Dorothy Crowe, chemistry and algebra I; Mrs. Jeanne Diederichsen, physical education; Miss Elizabeth Hall, English; Miss Hazel Henry, English; Miss Elizabeth Jones, foods and clothing; Mr. Frank Kane, Latin and English.

Mrs. Marion Kramer, English; Mr. Clarence Lair, biology, general science, coaching; Mr. Howard Miguel, Spanish; Mr. Edward Olney, history, American problems; Mrs. Marjorie Reandeau, commercial; Miss Ella Redkey, physical education; Mr. Elman Rose, mathematics, physical education; Mr. Howard Rote, photography and ceramics.

Miss Barbara Schmidt, English; Miss Hildegard Seidel, German, social studies; Miss A. Dorothy Smith, commercial; Mr. Glenn South, physical education, coaching; Miss Berna Sutton, libarian; Miss Dorothy Tully, English; Mr. J. Dietrich Vollbrecht, biology, physics; Miss Juanita Young, physical education.

### MERCHANTS ASSN. TO MEET TUESDAY

All Daly City merchants are invited to attend the next meeting of the Daly City Merchants Association next Tuesday evening, September 2, at 8 p. m. Matters up for discussion will be business licenses and Chirstmas lighting. The meeting will be held in the city hall.

### Fiesta Banner Across Mission St.

A gay red, yellow and green banner of the San Mateo County Fiesta went up across Mission street at Hillcrest drive on Tuesday morning. The banners went up simultaneously in 12 peninsula cities.

In San Mateo there was an all out invasion of the fiesta spirit. There were some 50 lines of flags along the city streets.

To further advertise the fiesta, 200 bumper strips have already been given out. Sidewalk intersections in some peninsula cities soon will be stenciled in orange with the words: "Meet me at the Fiesta — Bay Meadows — September 9 through 11."

### Started Work On $70,000 Project Last Monday

Two buildings estimated to cost in the neighborhood of $70,000 are soon to be erected on the west side of Mission street at Knowles avenue. Preliminary construction work started on Monday. Plans call for completion of the buildings by February 1948.

The two buildings will have a Mission street frontage of about 113 feet and a Knowles avenue frontage of 130 feet. The corner building is to be occupied by the Sprouse Reitz Co. The frontage of this building will be 60 feet on Mission street. The other building will have three separate stores. Two of them have been reserved for the Karl's Shoe Store and the Mode O'Day Frock Shop. The other store is at present unleased. This second building will have a Mission street frontage of about 53 feet.

The principal owner of the property is Martin Stelling jr., of San Francisco.

Two separate sales were involved in the transaction. The former owner of part of the property was Luigi Giomi, 305 Miriam street. He owned two lots on Mission street. The lots had a 60 foot frontage on Mission street and a 151 foot frontage on Knowles avenue. In addition Giomi owned and sold a rectangular lot 25 by 132 feet. This property had a Knowles avenue frontage of 25 feet. The sale of all of this property was made by the William Lagomarsino and Co., 71 Mission street, for a price said to be in excess of $20,000.

The other property, which included two lots on Mission street with a total frontage of 53 feet, was owned by Kate, Annie and Antonia Scramaglia, of Colma. Realtor and sale price of this piece have not been made available.

The two new buildings will take up just about half of the available property space. The corner building will have a 130 foot Knowles avenue frontage whereas some 177 feet on that street is available for construction purposes. The new buildings, however, will take up the entire Mission street frontage.

The William Horstmeyer Company is the contractor and Earle B. Bertz is the architect.

### THREE CALLS FOR FIRE DEPARTMENT

There were two fires and one false alarm in Daly City within the past week. The false alarm was on Wednesday evening about 8 p. m. when the fire box at San Jose and Flournoy avenues was pulled. Companies 1, 2 and 4 responded to the call.

There was a radio fire on Wednesday morning on Acton street and companies 1, 2 and 4 responded.

The other wire was on Friday when a car started to burn in front of 41 Garwood drive. Companies 1, 2 and 6 responded.

### Twelve-Year-Old Struck By Hatchet

Twelve-year-old Andrew Micheletti, 159 Werner street, was struck on the left shoulder with a hatchet by a playmate on Friday.

Police say Mike Casentini, 13, 152 Mateo avenue, was chopping stale French bread with a hatchet. When Micheletti leaned over he was struck on the left shoulder.

The cut in Micheletti's shoulder required four stitches.

The case was referred to Deputy Sheriff George Krehl.

## PARISH SCHOOL TO OPEN

### Opening Set For Wednesday, September 10

Some 500 students will attend the newly erected $325,000 Parish School of Our Lady of Perpetual Help this year. Instruction is scheduled to start on Wednesday, September 10. Father James Bergin said today.

Enrollment in the Parish School was 350 last year. Most of the increase this year is in the lower grades. Kindergarten was added this year and already 50 youngsters are enrolled. There are 55 students enrolled in the second and the third grades.

Father Bergin said that there were still some vacancies in the upper grades, especially the sixth, seventh and eighth.

He added that he is turning away students every day because of lack of room in the lower grades. Some of the new students are coming from the Colma and St. Michaels Parishes.

Construction on the new building started on September 13, 1946. The dedication services will be held one year later almost to the day. Father Bergin said there will be the open house and dedication ceremony on Sunday, September 21. A dedication festival and carnival will be held on September 26, 27, and 28 in the school lobbies.

The original estimate of the construction cost was $200,000. The construction cost so far has been well over $300,000 and may total $325,000 before the work is completed.

Landscaping work remains to be done. The temporary buildings behind the school are to be torn down in the near future so as to provide more playground room. This recreational area is to be paved.

The ground floor of the school has a large assembly room with a capacity of 500 students, cafeteria and kitchen. Four large classrooms and a kindergarten are on the second floor along with the school office, teacher dining room and kitchen and lounge. The third floor has the clinic, music room and classrooms for the four upper grades.

Ten Sisters are on the new faculty. Mrs. Margaret Steele is operating the cafeteria.

### County To Vote On T.B. Facility Site Next June

The people of San Mateo county will decide the site of a tuberculosis facility at the primary election next June. The decision was made by the Board of Supervisors last Tuesday afternoon. The board also decided not to build additional facilities at Canyon Sanatorium.

This action means that the voters next June will face a bond issue estimated at between $750,000 and $1,000,000.

Action by the board was made after months of study and interviews with health experts. A survey made by the public administration service recommended that the new sanatorium be built near Community Hospital. Last fall a bond issue of $125,000 was passed for facilities at Canyon Sanatorium. Assistant District Attorney Daniel E. Sullivan believes that this amount will still be available if the bond issue next June fails to pass.

However, District Attorney Gilbert D. Ferrell says that since the words "construction for Canyon Sanatorium" were carried on the bond issue ballot, use of the money anywhere else would be illegal.

## CITY COUNCIL TO MAKE CROCKER AVE. A THROUGH STREET

During a 45 minute meeting of the City Council on Monday evening three councilmen

1. Adopted resolutions calling for sealed bids for street improvements in Hillside Manor and on Woodrow street,

2. Established Crocker avenue as a through street,

3. Introduced a zoning ordinance which would affect the last two lots on the east side of Miriam street next to the high school grounds.

The meeting was called to order at 8:05 p. m. and was adjourned at 8:50 p. m. Present were Councilmen Battye, Craig and Dennis, the City Attorney, Edwin C. Smith, representing the City Engineer, and Mrs. Evelyn Mosman, of the City Clerk's office. Absent were Councilmen McHugh and Gaggero and the City Clerk. Councilman McHugh was excused because he was on vacation.

Construction on the street improvements may start early in the fall. Sealed bids for the two construction projects — Woodrow street and Hillside Manor — must be delivered to the City Clerk on or before 8 p. m. September 8, 1947.

Work will start as soon as a selection of a contractor is made.

The construction, engineering and legal costs of the Hillside Manor project have been estimated at $37,081. Improvements will be made on portions of Bismark, Thiers, and Gambetta streets and Abbott and Wyandott avenues. The lots affected by the new street, sidewalk and curb improvements will be assessed and six per cent bonds issued.

Woodrow street is to be improved from Citrus avenue to the northerly line of the high school property. Some 14 lots in the area are affected and each lot will be assessed from $300 to $567 for the improvements. The total estimated construction cost is $4,420.04. Bonds bearing six per cent interest for a ten year period are scheduled to be issued.

The resolution making Crocker avenue a through street provides for the erection of stop signs on Irvington and Hanover streets.

The zoning ordinance would change the classification from residential to commercial of lots 12 and 13 of Block 1, Metropolitan Homestead. These lots are on the east side of Miriam street next to the high school grounds. The ordinance will be given final consideration at the next meeting of the city council.

### No Fear Of Eastern Gangsters Says D.A.

San Mateo county is alert to any possible gangster influx, District Attorney Gilbert Ferrell said this week.

He added that there is no evidence of any invasion by eastern gamblers or hoodlums since the slaying of Maurice Malter, Los Angeles sporting figure, last December. Malter's body was found on the Crystal Springs road.

Attorney Ferrell said he and his deputies are still working on reported local gambling such as produced two raids last week.

### Three Hundred At Boys' Boosters Father-Son Night

The San Francisco Seals will win the 1947 Pacific Coast league pennant.

That statement comes from no other than the club's president, Charles Graham sr. He spoke Monday evening before 300 adults and youngsters including all members of the two Colma Boys' Clubs and 20 Daly City fathers. The occasion was the "father-son night" of the San Mateo County Boys' Boosters in the American Legion Hall in San Mateo.

Graham brought 18 members of the Seals lineup and immediately on their appearance they were beseiged by autograph seekers.

Coach Del Young and Joe Sprinz were the first of the players to arrive for the meeting. Manager Lefty O'Doul was a guest of honor at a dinner in Hollywood and was thus unable to attend.

Graham used his pennant chase predictions to illustrate how teams and players can overcome their shortcomings if they have a will to win.

Following Graham's talk, his son, Charles Graham jr., vice president of the club, reiterated his promise that the Seals would help the San Mateo Boosters in any way possible.

On the entertainment program were a set of accordion pieces by Bob Lynch, pitcher for the Colma Boys' Club, a mind reading act by Walter Mails and Paul Lanner, and a judo exhibition by Police Officer James Casey of San Mateo.

The Boys Boosters was formed two months ago. It now has 3,000 members, 75 of them in Daly City.

After the program, and while refreshments were being served, baseballs, softballs, small bits of paper and even a blank check were signed by Dale Mathewson, Will Leonard, Neil Sheridan, Al Lien, Cliff Melton, Bones Sanders, Ted Jennings, Dino Restelli, Vince Pascal, Sal Taormina, Frank Rosso, Amby Ogrodowski, Bill Werle, Bob Chesnes, Frank Budnick and Roy Nicely, all of the Seals team.

### FBI Apprehends Daly City Youth In Boise, Idaho

Fifteen year old Carl Stone, wanted for burglary and car theft by Daly City police, was picked up by Boise, Idaho, police on Friday while driving a 1937 Ford coupe. Stone, of 1400 Geneva street, is a former employee of the Union Gas Station at School street and Junipero Serra boulevard.

An all-points bulletin was issued for the arrest of Stone after he allegedly stole $73.66 from a safe in the gas station on August 20. Also assertedly stolen was the auto which he was driving in Boise. The auto belonged to Robert Timm of the Silver Moon who had left it in the gas station for servicing.

The case against Stone is now being prepared by the F.B.I. The resident F.B.I. agent in Boise will lay the case before the U.S. Attorney to see if they will handle the case in Idaho on charges of transporting stolen cars across state lines and of violating the Federal Juvenile Act.

## LABOR DAY

As labor prepares to celebrate its annual day the mills and shops and factories of America are humming with activity in the effort to meet the still-unsatisfied public demand for goods of almost every kind.

And the outlook is for continued full production. The oft-predicted recession has completely receded from the business horizon and more than 60 million persons are now employed.

During the past year labor, or, more precisely, certain labor leaders, have come in for some sharp and justified criticism for their conduct. But taking labor as a whole—the mass of earnest working men and women — it is deserving of great commendation for the job it has done.

Industrial strikes and disputes have been spotlighted in the news. But we hear little of the millions of wage-earners who have consistently reached agreements with employers without work stoppages.

Strong labor unions are essential to a strong America. Our hope is that they will continue to gain in strength and that this strength will be matched by increased wisdom in the handling of labor affairs.

## SEPTEMBER 1, 1939

Eight years ago on the first day of September 1939, the war of words between Hitler and the diplomats of Poland, England and France came to an end and the war of guns began.

Almost up to the last moment there was a widespread feeling that in spite of the verbal thunder echoing from one European capital to another, armed conflict would be avoided. Hitler, it was pointed out, did not have the resources to fight a war. He was bluffing. He would go the limit short of war to get what he wanted. But he didn't want war.

Well, all those contentions seemed logical then. The only trouble was that they didn't pan out. Undoubtedly, Hitler would have preferred to get what he wanted without a fight at that time. It would have given him additional time to build up his military power. But when he saw that the game of bluff could be carried no farther he hurled his legions against Poland and then took to the radio to defy the world.

If the world then could have foreseen the events that were soon to follow it would have been even more gravely concerned with the attack on Poland than it was. Within 10 months after the first shot was fired Hitler had conquered France and was squatting on the English Channel while Britain prepared for a desperate last-ditch defense.

Hitler thus came fearfully close to victory—but not close enough. In July 1940 it appeared that he couldn't lose. Three years later it was apparent he couldn't win.

Now, eight years after his troops started their atttack on Poland, Germany lies in ruins and the people who followed him blindly seek to eke out a livelihood. They will not soon forget September 1, 1939.

Neither will the rest of the world.

## PRESIDENTIAL SUCCESSION

We are sure that the Republican aspirants for the Presidency would, under any circumstances, wish Harry Truman only the best of health. But since the passage of the new Presidential Succession law which puts Republican Speaker of the House Joe Martin first in line to succeed Mr. Truman should he fail to complete his present term in office, they are undoubtedly more anxious than ever that no ill befall the Man from Missouri.

The reason for this is apparent. If Martin should step up to the Presidency before the GOP convention next June the Republicans would be virtually bound to nominate him at the convention to succeed himself.

That would leave Taft, Dewey, Stassen, and the rest of the hopefuls on the outside looking in. And, to them, nothing worse could happen.

So you can bet your bottom dollar that they are all glad to see Harry looking fit and praying he will stay that way.

## FUTILE FIGHT

A good many American gals are waging war on the long skirts. Reports from here, there and almost everywhere tell of them banding together to make dress designers keep the hemline around the knees.

The American gals are game. They'll put up a good fight. But we can tell them right now that they're wasting their time. Fashion decrees long skirts, and that's what they'll be. And women, being women (thank goodness) will act like women. In other words, they will eventually fall in line to avoid "looking funny."

Well, we'll have to accustom ourselves to seeing less of the shapely limbs of the fair sex, but there is some consolation in the fact that long skirts won't be with us forever (we hope).

# Forty Students Participate In Crafts Exhibit

Forty students participated in the Daly City Recreation Department's first annual Craft Exhibit on Wednesday evening, August 20, at the high school. The program was the culmination of the craft instruction which was given throughout the summer.

Crafts were introduced to the children on June 23, during the first week of the summer program. The major craft programs were carried on at the high school in the afternoons for two hours daily. Playgrounds at Jefferson Elementary, Marchbank, Lincoln and Crocker had two hours a week set aside for their instruction, and during the summer the children accomplished many craft projects. These were collected by the crafts instructor, Miss Florence Stefanelli, and saved for the exhibit.

Last Wednesday evening was the "big night" for a selected forty students. They had worked all summer on the crafts and made special preparation on Monday and Tuesday for the exhibit. On Wednesday evening they knew that their efforts had not been wasted. Many proud parents were on hand to see the displays and watch the children at work. Many favorable comments were heard during the evening about the program. This interest helped to stir the children's enthusiasm and they proudly showed off their talents.

Each child worked on the craft of his own choice at hs own table. There were many interesting crafts. Finger painting proved to be very interesting as Ronnie Kalinin, Ronnie Davis, Sandra Smith, Ronnie Field, and Eugene Whinnin worked at it. People were amazed to see Jim Galindo's talented fingers produce many colorful and beautiful designs.

Many housewives and mothers learned new ways in which to keep themselves occupied on idle days. They saw Betty Marsh busily turning ice cream cartons into colorful waste paper baskets and Ario Gregori making table and place mats from shellacked finger paintings.

Decorative papers and textiles were designed by Anna Rose Bajar and Janice Toole with their block printings. Donna Shulda demonstrated how to make useful household articles from twisted crepe paper. Audrey King and Marilyn Toole showed their audience how to achieve colorful kitchen decorations with paper plates, crayons, a little yarn and shellac.

Felt crafts were demonstrated by Sandra Scimeca. And the fascinating craft of weaving was beautifully done by Rita Paras.

The boys predominated at the pyrocraft table. Donald Bocci, Mike Laramie, Pete De Coursey, Vincent Leonetti, Bob Giorni and James Jones quickly turned out bracelets and lanyards. Floretta and Anita Johnson represented the girls in this field.

Marian Voelker, Robert Rich and Wesley Yates used catalin as their medium to make interesting jewelry. The ever popular leather crafts were demonstrated by Bonnie Bryant and Dwane Sorres.

Many parents were attracted by the castoplast table to see Joan Field, John Martin and Joseph Field painting statues made from rubber molds. Sitting next to the young craft enthusiasts were Jackie Gillman, who painted original pictures.

Wood burning was demonstrated by Jim Hutchinson, Richard Gristi and Dickie Kalinin. And eight year old Robert Galindo displayed his artistic talents as he painted on wood while the audience crowded around him.

The display of the children was set up about the room on the tables and walls. Comments during the evening proved the display to be excellent and the demonstration very successful. Children and parents shared the same enthusiasm for the craft exhibit and are looking forward to another one in the future.

# San Mateo Dancer Represents County At State Fair

A San Mateo accomplished dancer and movie starlet is representing San Mateo county at the Centennial queen contest at the state fair in Sacramento this week end. She is Miss Jean Aloise who was the "Victory Queen" of Burlingame during the war when she won the title through sales of more than one million dollars in war bonds.

During the past three years she has appeared in several major Hollywood productions, the latest being "Blue Skies," starring Bing Crosby.

As Miss San Mateo County, she will be competing with girls from other counties in the state for the title of "Miss California." The winner receives $5000 a year to represent the state at events throughout the country in preparation for the Centennial celebration during 1948.

# Red Cross Blood Bank Builds Up County Reserve

On being informed that the Red Cross blood donor plan will in no way interfere with established institutions such as the San Mateo County Blood Bank, various organizations are building up blood reserves in the local bank.

Latest to start a reserve at the San Mateo County Blood Bank is Local Union No. 272, Sheet Metal Workers' International Association, it was reported by Frank E. Olson, recording secretary of the union.

First donors at the bank from this union were Frank E. Olson, Thomas Harris and Joseph Pellizer, San Mateo; Steve Ferko and Albert Brocanelli, of South San Francisco; and Mr. and Mrs. Harvie Eldridge and Eric Dunn of Redwood City.

"Individual members of our union want to build up this reserve credit to protect their families when emergencies arise," said Mr. Olson.

# ANTI-GAMBLING ORDINANCE MAY BE CONSIDERED

An anti - gambling ordinance which would regulate and license every cafe, restaurant and social club in the county was taken under advisement by the San Mateo County Board of Supervisors last Tuesday afternoon.

The ordinance would also regulate and license card rooms, newsstands, pool halls and bowling alleys.

Everyone who is required to have a permit must pay a $25 filing fee and make written application to the sheriff. The application would contain such information as any past criminal records, financial backing, fingerprints and the number of proposed card tables.

Any person employed in a social club card room, pool room or bowling alley would have to have a work permit, make a $5 application fee and have his fingerprints taken.

There would also be a license tax. Cafes, restaurants, hotels and auto courts would pay $100 each.

Not affected by the ordinance would be non-profit social or fraternal organizations which have duly elected officials and members. However, deputies of the sheriff's office would be free to inspect these facilities at any time. In fact, under the ordinance, any member of the staff of the sheriff's office could inspect the premises at any time during business hours without a warrant.

A fine of not more than $500 and/or six months in the county jail is provided for in case of conviction in violating any of the provisions of the proposed ordinance.

Assistant District Attorney Daniel E. Sullivan presented the ordinance to the board. The ordinance would take effect 30 days after its passage.

# Fine, Probation Says Judge At Monday Session

Henry E. Shields, 37 Bismark street, was fined $30 and placed on six months probation by City Judge William J. Sweeney on Monday morning. Shields was arrested early on Monday for being under the influence of liquor in and about an auto.

Shields was found by Daly City police about 3 a. m. on Monday asleep in his car in front of Peter's Lunch. He was taken home with the understanding that he would come up later during the day to get his car which had been impounded.

The car was placed in the Daly City Garage but about 4 a. m. Shields was picked up at Bepler and Mission streets.

Police say Shields had been trying to get his car without a release.

# Vista Grande RNA Are Hosts To S.F. Lodge Members

The members of Vista Grande Camp, Royal Neighbors of America, acted as hostesses at a meeting of all the R.N.A. lodge members in San Francisco last Thursday evening in the Little Italy Hall. The meeting marked the end of the campaign drive for new members.

The meeting was a festive occasion with a large number of new members initiated.

Mrs. Alice Dittier, district deputy of the lodge, made an interesting talk. The Oracles of each camp also made speeches.

The hall was decorated with purple and white flowers and the campaign theme was carried out with a large purple and white key in the entrance and smaller keys around the walls.

Mrs. Cinderella Weller donated a hand made quilt to the lodge. Refreshments of gelatin, doughnuts and coffee were served to the fifty members present.

## Watch Tire Inflation

Never drive with tires that are improperly inflated, cautions National Automobile Club. To drive under-inflated tires causes rapid wear, cuts, punctures, blow-outs, hard steering and an excessive use of gasoline. Over-inflation causes hard riding and strains the tire carcass. It causes fatigue of the carcass, too.

# Court St. Mary To Hold Whist

Court St. Mary No. 1155, Catholic Daughters of America, will hold a whist party at Masonic Hall, Daly City, on the evening of September 4. The officers of St. Mary are all on the committee, with Jeanette Lacchini, grand regent, acting as chairman. This committee is working very hard to make this an enjoyable evening for all who attend.

Gladys Walden is making an appeal to all members to bring in their labels.

Plans for the birthday dinner will be discussed at the next meeting of Court St. Mary No. 1155 September 4. Helen Rode, chairman of sewing, started the sewing season at her home, 1066 Hanover street, on Wednesday, August 27.

# Mrs. Adele Adair Passes Away

A private funeral service will be held tomorrow morning for Mrs. Adele Cornely Wood Adair, 80, at the W. C. Lasswell and Co. funeral home. Mrs. Adair passed away on Tuesday following a short illness at her home, 138 Parkview avenue.

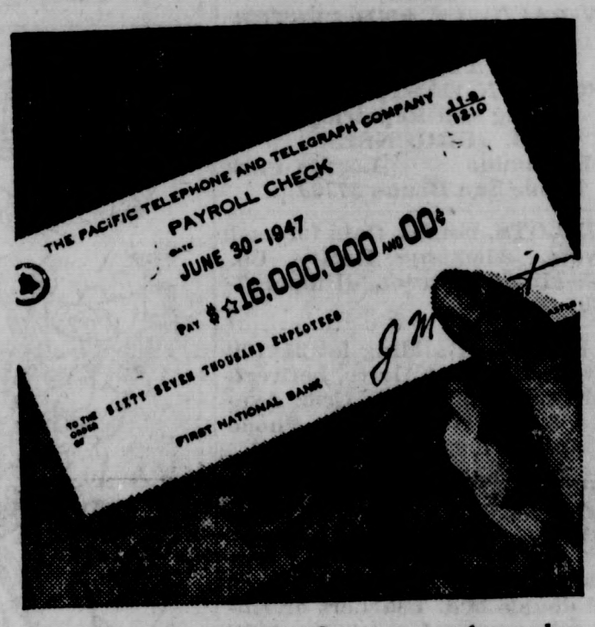
Mrs. Adair suffered a stroke last week and remained in her home for two days before she was taken to the hospital. She died in Junipero Serra Hospital.

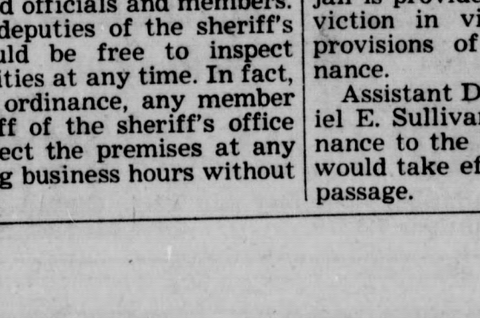
Mrs. Adair, a widow, was born in Switzerland but lived in Daly City and Colma for the past 30 years. She leaves two sons, Ernest A. Cornely, of Belmont, and Albert L. Cornely, of San Mateo.

### Cloud Meter

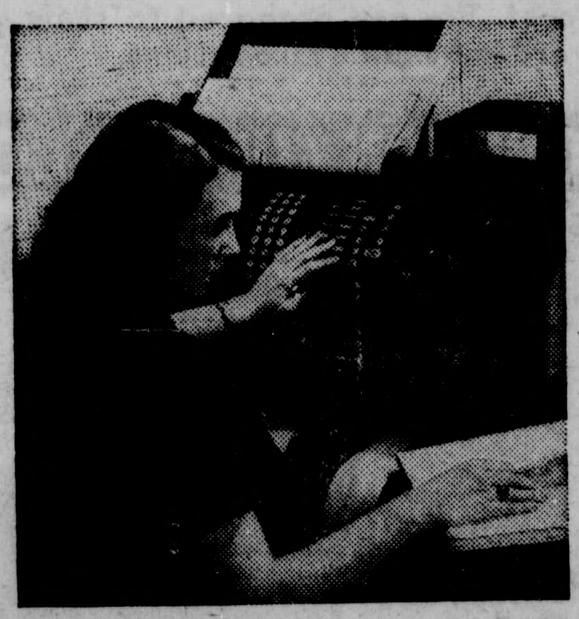
An electrical cloud meter will aid flying weather stations in determining the severity of icing conditions.

# This check is also made out to you





**The monthly paycheck** to our employees has been getting bigger all the time. In a year's time it has grown from nearly $13,500,000 to about $16,000,000. Thousands of new people have come with us to help with the big job we must do to meet the West's tremendous growth . . . and our employees are getting the best pay rates ever.



**The girls** who run these check-writing machines are mighty important people . . . not only in the lives of our 67,000 employees . . . but in your life, too. For they write thousands of checks each month. And all these checks, as they go into circulation, add to the total prosperity of everyone living in the communities we serve in the Pacific West.

**About 60 cents** of each dollar you pay for service is for employees . . . almost all the rest goes for taxes and other operating expenses. A few cents of each dollar go to more than 700,000 people, many of them Westerners, whose savings built the telephone system. Yes, your telephone dollar serves you, the butcher, the baker and the whole community.

**New Working Dollars** . . . Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from telephone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.

THE Pacific Telephone AND TELEGRAPH COMPANY

444 Bush Street • San Francisco 8 • Telephone GArfield 1-9000

# *No more of this!*

No more fumbling with your house key because inadequate wiring failed to include a switch-controlled light for a dark porch.

No more complaints from the lady of the house who plaintively asks,

*"Why didn't we put in enough electric outlets so I can use my vacuum cleaner or electric toaster without a bothersome tangle of cords and wobbly plugs?"*

Yes, Adequate Wiring brings the convenience of plenty of outlets properly placed. It brings more light switches. It means more wiring circuits of large enough wire (at least size 12) to deliver full power electricity.

Insist on Adequate Wiring in the home you buy or build.

# Water Department Solves Ghost Rumor On San Jose Ave.

The boys in the Daly City Water Department were eating scrambled eggs this morning and telling about how they solved "The Mystery of the San Jose Avenue Rumble."

Residents of the three block stretch of San Jose avenue between Mission and Wilson streets started complaining of the ominous underground rumble two weeks ago.

And now after days of study and worry (including sleepless nights and Saturday and Sunday work) city officials are no longer baffled.

A. J. Bodien, water department superintendent, said the rumble came from a faulty pressure reducing valve in the office of the Daly City Record, on San Jose avenue. The valve had been repaired some four months ago but did not become a problem to local residents until two weeks ago.

The rumble had baffled Bodien so much that he offered a reward of one dozen eggs if anyone turned in a correct solution to the mystery. As everyone in the water department had a hand in the solution, the eggs were scrambled.

During the past week Bodien spent countless hours in the homes of San Jose avenue residents waiting for the rumble to come. Sometimes the noise was never heard. In one case just as Bodien was preparing to leave a home there was an audible rumble which no one had any difficulty in hearing. As most of the noises were reported during the hours between midnight and dawn, some of the investigating work was done during that time.

Some seven years ago Bodien was similarly stumped in trying to solve "The Mystery of the Oil in the Colma Water Lines." No definite solution has ever been turned in for that case. One reason may be that Bodien did not offer the eggs as a reward.

The case came up when oil was found in the bathtubs, kitchen sinks and soup bowls. Some of the best engineers in the state tried to solve the problem of the oil in the ten inch lines. Although it was not definitely settled it is believed that someone threw a can of oil down a water pipe. How else?

## Expansion Seen For Western Industry

The west will continue to expand industrially, following a continuing trend evident through cyclical fluctuations since the beginning of the century, believes Dr. Frank L. Kidner, director of the Bureau of Business and Economic Research on the Berkeley campus of the University of California.

In this expansion, Dr. Kidner says, it is not necessary to count on the actual physical conversion of the west's war plants; the job is to find industrial jobs for the increased labor force.

## Notice Inviting Sealed Proposals Woodrow Street

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-1 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and the resolution directing this notice adopted August 25, 1947, said Council hereby invites sealed proposals for the improvement of Woodrow Street in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 8th day of September, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

# Planning Two New Theatres In Daly City Area

Two new motion picture theaters are being planned for the Daly City area.

One theater will be located on the west side of Junipero Serra boulevard between 90th and 91st street. just outside the city limits. Land is in the process of being acquired and construction will start as soon as all the plans are completed and materials are available.

The other theater will be located at 7252 Mission street, between School and Vale streets, in the building formerly occupied by the Empire Advertising Co., which recently moved its offices to South San Francisco.

The huge concrete and steel building will be converted into a theater which will have a capacity of 510 seats. Philip Zenovich, of San Francisco, is the owner of the new theater and Bernard G. Nobler is the architect.

# O.K. $3,749,000 Road Expenditure In S. M. County

Expenditures of $3,749,000 in San Mateo county, including superstructures, approaches and landscaping for the 5.01 mile freeway link between Burlingame and Tunnel Hills in South San Francisco, was authorized on Friday by the state highway commission.

Most of the money is to be spent on the two miles north of Colma Creek to Tunnel Hill. Work already has started on parts of the freeway north of Broadway. A contract of close to one million dollars has been let for four overpasses at San Bruno, San Francisco Airport, Millbrae and Broadway.

Also approved by the state highway commission for San Mateo county were: $23,000 traffic signals and channelization, Junipero Serra boulevard connections with U.S. 101; $20,000 traffic signals, Lomita Park; $23,000 White House Creek culvert; $17,000 Gazos Creek bridge; $8000 traffic signals channelization Willow road.

# THIRTY DAYS IN COUNTY JAIL FOR TIPPLER

Joe Josephs, 559 Valencia street, was sentenced to 30 days in the county jail by City Judge William J. Sweeney on Monday. Josephs was arrested on a charge of being drunk in a public place.

He came into the city hall about 4:30 a. m. on Monday very much under the influence of liquor and went to sleep in the men's room.

Police say he had been walking around the streets under the influence of liquor for more than a week.

Last week Josephs entered the city hall by the side door and went to sleep on a bench in the locker room.

# Several Dogs, Cats Poisoned Last Week Say Local Police

Several cats and dogs have been mysteriously poisoned in the vicinity of Knowles avenue and Woodrow street during the past week, according to the local police.

One resident reported on Friday that a dog was laying in Woodrow street and it appeared to have been poisoned.

Residents who live in the vicinity say they are not suspicious of anyone. On Friday police received a call that a dog was in front of 76 Willits street and it appeared to have been poisoned. When the poundman responded the dog was dead.

Officers checked at the local drug stores and found that no poison except ant paste had been sold during the past week.

# WILBUR FELLOWS IN MEXICO CITY

**Wilbur Fellows, who was graduated from the San Mateo Junior College in June, is spending the summer in Mexico where he is a student at Mexico City College. He is planning to stay south of the border until early next year when he will enter the University of California.**

* * *

It is self evident after seeing Mexico City why this cosmopolitan metropolis is known as the beauty spot of the Americas.

Probably the most attractive parts of the city are the many tree-lined avenues with their alamedas, where the Mexican, in true Spanish style, takes his evening and Sunday afternoon promenade. The beautiful statue-lined Pasea de la Reforma, the Champs Elysses of the new world, is three miles long and extends from the little statue in the center of the city to Chapultepec Park.

The extremely modern architecture in downtown Mexico City and in the Mexican Park avenue, the Lornas de Chapultepec, is a great aid to the beauty of this old Aztec city. None of the cities of the United States, not even New York City, can compare with such modern buildings. Then again in the suburbs you find many poorly constructed adobe houses. But these comparatively small areas do little to offset the beauty of the rest of the city.

Downtown Mexico City contains many points of interest to the travelers, but the less important attractions are minimized by the splendor and beauty of the Alameda, the Palacio de Bellas Artes, the National Palace and the famous cathedral. The Alameda is the largest of the city's many fine parks and is extremely rich in florial beauty.

Then there are the beautiful Place of Fine Arts which is used as an art gallery, opera house, music hall and craft museum, and the Zocala, the city's Union Square.

On the north end of this famous blood-stained square we find the largest cathedral in the western hemisphere and close by is the National Palace, which is the center of government of the Republic.

One cannot leave Mexico City without first visiting beautiful and spacious Chapultepec Park, dominated by its highly situated museum castle bearing the same name. This is the capital's most popular outing place and deservingly so.

It would be possible to go on and on describing this beauty haven of the Americas but once one is familiar with these main points of interest he is well on the road to complete enjoyment of a truly beautiful city.

**Safety Rule for Swimming**

**A good safety rule is always to swim with a partner. Among the fast-moving, noisy mass of people at a large pool or beach, a lifeguard may not be able to hear a cry for help or to spot a sinking bather. A swimmer and his buddy can look out for each other in such cases.**

# U.C. Men Unearth Ancient Fossils

The "upper plate" of a dinosaur's granddaddy is among the prizes unearthed by a field party of University of California paleontologists who recently returned from a month of excavating at a site near Cameron, Arizona.

The party, including ten students under the direction of Dr. Samuel P. Welles, acting director of the Museum of Paleontology, collected 6,500 pounds of fossils. Included are 12 amphibian skulls from 5 to 18 inches long, apparently all of the same species and ranging from a young to a full-grown animal.

## SUMMONS

No. 43434

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

ARTHUR A. NEWHOUSE, Plaintiff, v. ALL PERSONS claiming any interest in, or lien upon, the real property herein described or any part thereof, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA TO ALL PERSONS CLAIMING ANY INTEREST IN OR LIEN UPON THE REAL PROPERTY HEREIN DESCRIBED OR ANY PART THEREOF, DEFENDANTS, GREETING:

YOU are hereby required to appear and answer the complaint of ARTHUR A. NEWHOUSE, plaintiff, filed with the clerk of the above entitled court and county, within three months after the first publication of this summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situate in the County of San Mateo, State of California, particularly described as follows:

Lots 47 and 48 in Block 3, as designated on the map entitled "NORTH MILLBRAE SUBDIVISION NO. 1, SAN MATEO CO. CAL." which map was filed in the Office of the Recorder of the County of San Mateo, State of California, on December 2, 1907, in Book 5 of Maps at page 49.

AND you are hereby notified that, unless you so appear and answer, the plaintiff will apply to the court for the relief demanded in the complaint, to wit: a decree and judgment establishing that the plaintiff, ARTHUR A. NEWHOUSE, is the owner of an estate of inheritance, viz, the fee absolute title of the property described in the complaint and hereinbefore described, of the whole and each and every part thereof, against all of the world, and that there exists no adverse claims of any character whatsoever to the aforesaid title of the said plaintiff, and for such other relief as may be prayed for or authorized by the law and statute in such instances made and provided.

WITNESS my hand and seal of said court, this 12th day of June, 1947.

## Notice Inviting Sealed Proposals Hillside Manor

Pursuant to the Municipal Improvement Act of 1913, as amended, and the Resolution of Intention No. 1947-2 adopted thereunder on July 28, 1947, by the City Council of the City of Daly City, California, and the resolution directing this notice adopted August 25, 1947, said Council hereby invites sealed proposals for the improvement of streets in Hillside Manor in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on July 28, 1947, and on file in the office of the City Clerk of said City, pursuant to said Resolution of Intention, which resolutions are on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the City Engineer and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimates, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said City Engineer and said City Council.

Notice is hereby given that on July 28, 1947, this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of the City Engineer, City Hall, Daly City, California. A deposit of $10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P.M. of the 8th day of September, 1947, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

## SCHOOL BOND ELECTION NOTICE

NOTICE IS HEREBY GIVEN to the qualified electors of JEFFERSON ELEMENTARY SCHOOL DISTRICT, an Elementary School District of the County of San Mateo, State of California, that in accordance with law, an election will be held on the 26th day of SEPTEMBER, 1947, at those certain buildings designated as follows:

In Precinct No. 1, as hereinafter described, at the CROCKER SCHOOL located at number 649 Bellevue Avenue in Daly City; in Precinct No. 2, as hereinafter described, at the WOODROW WILSON SCHOOL located at number 344 Santa Barbara Avenue in Daly City; in Precinct No. 3, as hereinafter described, at the JEFFERSON SCHOOL located at number 14 Alemany Boulevard in Daly City; and in Precinct No. 4, as hereinafter described, at the Private Garage located at number 904 Washington Street at Broadmoor in Colma, all in said District, between the hours of 6:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted the question of issuing and selling bonds of said district to the amount of Three Hundred Forty-Eight Thousand Dollars ($348,000.-00), for the purpose of raising money for the following purposes:

1. The purchasing of school lots;
2. The building or purchasing of school buildings;
3. The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;
4. The supplying of school buildings with furniture or necessary apparatus of a permanent nature; and
5. The permanent improvement of the school grounds.

All the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition.

The said bonds thereunder to be issued and sold shall be of the denomination of One Thousand Dollars ($1,000.00) each, and shall bear interest at the rate of not more than five per cent (5%) per annum, payable annually for the first year the bonds have to run and semi-annually thereafter, and said bonds shall be numbered from 1 to 348, consecutively, payable as follows:

| Bond Numbers | Principal Amount | Maturity |
|---|---|---|
| 1 to 14 | $14,000.00 | November 1, 1948 |
| 15 to 28 | 14,000.00 | November 1, 1949 |
| 29 to 42 | 14,000.00 | November 1, 1950 |
| 43 to 56 | 14,000.00 | November 1, 1951 |
| 57 to 70 | 14,000.00 | November 1, 1952 |
| 71 to 84 | 14,000.00 | November 1, 1953 |
| 85 to 98 | 14,000.00 | November 1, 1954 |
| 99 to 112 | 14,000.00 | November 1, 1955 |
| 113 to 126 | 14,000.00 | November 1, 1956 |
| 127 to 140 | 14,000.00 | November 1, 1957 |
| 141 to 154 | 14,000.00 | November 1, 1958 |
| 155 to 168 | 14,000.00 | November 1, 1959 |
| 169 to 182 | 14,000.00 | November 1, 1960 |
| 183 to 196 | 14,000.00 | November 1, 1961 |
| 197 to 210 | 14,000.00 | November 1, 1962 |
| 211 to 224 | 14,000.00 | November 1, 1963 |
| 225 to 238 | 14,000.00 | November 1, 1964 |
| 239 to 252 | 14,000.00 | November 1, 1965 |
| 253 to 266 | 14,000.00 | November 1, 1966 |
| 267 to 280 | 14,000.00 | November 1, 1967 |
| 281 to 294 | 14,000.00 | November 1, 1968 |
| 295 to 308 | 14,000.00 | November 1, 1969 |
| 309 to 322 | 14,000.00 | November 1, 1970 |
| 323 to 335 | 13,000.00 | November 1, 1971 |
| 336 to 348 | 13,000.00 | November 1, 1972 |

That all the territory within the exterior boundaries of the Jefferson Elementary School District shall be and the same is hereby subdivided into four (4) election precincts, which said precincts shall be as follows, to-wit:

Precinct No. 1, CROCKER SCHOOL in Daly City shall include and consist of the following: All that territory within the said Jefferson Elementary School District being more particularly described as including therein San Mateo County Election Precincts designated as Daly City Precincts Numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10;

That in said Precinct No. 1, MRS. FRED BAUER will act as Inspector and MRS. EVA HOBBS and MRS. MILDRED SEILER will act as Judges of the election and conduct the same in said precinct;

Precinct No. 2, WOODROW WILSON SCHOOL in Daly City shall include and consist of the following: All that territory within the said Jefferson Elementary School District being more particularly described as including therein San Mateo County Election Precincts designated as Daly City Precincts Numbers 11, 12, 13, 14, 15, 16, 17, 18, 19, and 23;

That in said Precinct No. 2, MRS. FREDA CADY will act as Inspector, and MRS. THELMA HAMILTON and MRS. HILDA HEAGNEY will act as Judges of the election and conduct the same in said precinct;

Precinct No. 3, JEFFERSON SCHOOL in Daly City shall include and consist of the following: All that territory within the said Jefferson Elementary School District being more particularly described as including therein San Mateo County Election Precincts designated as Daly City Precincts Numbers 20, 21, 22, Colma 2, and Lawndale;

That in said Precinct No. 3, MRS. MAMIE CONSERVA will act as Inspector, and MRS. TINA HOLLINGSWORTH and MRS. FRANCES LANDI will act as Judges of the election and conduct the same in said precinct;

Precinct No. 4, GARAGE at 904 Washington Street, Broadmoor in Colma, shall include and consist of the following: All that territory within the said Jefferson Elementary School District being more particularly described as including therein San Mateo County Election Precincts designated as Colma 1 and Colma 3;

That in said Precinct 4, MRS. BRADFORD MILES will act as Inspector, and MRS. PALOMAR NOLLI and MRS. FRANK JOHNS will act as Judges of the election and conduct the same in said precincts.

That the persons hereinabove named to act as inspectors and judges in the four precincts to conduct said election are competent and qualified electors of said School District.

The words to appear upon the ballots will be:

"BONDS — YES
BONDS — NO".

Each elector voting at the election shall mark a cross with a pencil, ink or rubber stamp after the answer he desires to give.

IN WITNESS WHEREOF, we have hereunto set our hands this 15th day of AUGUST, 1947.

ANDREW VAN DER WERFF
FRED BERTETTA
Trustees,
Jefferson Elementary School District.

## Colma Senior Boys Continue To Gain In League Play

The Colma Senior Boys Club in a playoff for second position in the class A division of the San Francisco Recreational Department's National League upset Ursins Tavern 10-2 last Sunday at the Harrison playground.

In the previous game on August 10 both teams were tied 2-2 after ten innings of play.

In last Sunday's playoff game the local team made four runs in the first inning and Donald Lunghi, center fielder, was first up to bat and he made the first run.

Almost one thousand people saw the game. It was the largest attendance for a game played by the Colma team this year.

Sutter, pitcher for the Tavern team, is a star pitcher for the Sacred Heart and C.Y.I. but he was not up to his usual pattern. Schaeffer, the Ursins' third baseman, played for Babe Ruth at Seals Stadium the previous afternoon but Ottonello, of the Colma team, struck him out.

Rogers A.C. is now in first place in the league and Ursins Tavern is in third place after the Colma Boys.

The local team was defeated by Rogers A.C. 9-4 when they played them earlier in the summer and many local sport enthusiasts believe that if a return game were played the Colma team would be the winner.

Joe Sarto, sponsor of the Colma teams, says that his team defeated the tough teams such as Ghiselli Brothers, 7-2, and Ursins Tavern, 10-2, but lost to weak and inexperienced teams like Dr. Orwitz, 0-5, and I.C.F. No. 29, 7-8.

Many of the teams were the pick of the San Francisco ball players. Some players were older and more experienced than the Colma Boys but were defeated nevertheless.

There will be a playoff for the various places in the Class A division this Sunday but as yet no definite games have been scheduled.

Box score of last Sunday's game follows:

## Schedule Changes For Playgrounds Are Announced

The playground schedule for the remainder of the summer was announced today by Elman Rose, recreational director.

He said that the high school and Lincoln Park playgrounds will be supervised from 10 a. m. to 5:30 p. m. until school opens on September 10. Marchbank Park will be supervised on September 2 and 3 only.

Beginning September 10, Marchbank and Lincoln Parks will be supervised from 3 to 5:30 p. m., Monday through Friday, and from 10 a. m. to 5:30 p. m. on Saturday. The high school grounds will be open for general recreation on Saturdays and during vacation periods only. The gym and pool will be open to the public at night.

With the opening of high school the indoor and outdoor play facilities will be taken up by regular high school activities during the week days.

Every one of this summer's playground directors is either returning to teaching duties or college studies. Because of heavy school loads some playground directors will not be able to continue in recreation work this fall. Consequently there will be two openings for part time work on the playgrounds. The hours will be from 3 to 5:30 p. m., Monday through Friday, and 10 a. m. to 5:30 p. m. on Saturdays. Suitable education and experience is required. Anyone interested may inquire further into the requirements for the positions by telephoning or seeing Elman Rose at the high school gym. The telephone is JUniper 4-2510. He will not be available during the week of September 1 to 6.

## D. C. Hardware Team Now The League Champs

Daly City Hardware won the Recreation Department's junior baseball league championship. The Hardware team finished with a perfect record of six wins and no losses.

George McLeod, team manager, received the junior league pennant during the boxing tournament last night at the high school. The three foot pennant is made of gold felt with blue lettering.

The remainder of the teams finished in the following order: 2nd, Daly City Midgets, 3 wins and 3 losses; 3rd, Unknowns, 2 wins and 4 losses; 4th, Leopards, 1 win and 5 losses.

## OFF THE BLOTTER

Sixteen-year-old Leland Le Roy Conklin, 326 Willits street, was given tags for driving a three-wheel motorcycle without head or tail lights south on Mission street about 4 a. m. on Sunday morning.

Conklin said he had borrowed the motorcycle. After police reprimanded him for being out that late, Conklin was escorted home by police officers.

Daly City police recovered a stolen Buick sedan belonging to James Williams, 1343 McAllister street, San Francisco, on Sunday morning. The car was found on Washington street approximately 25 feet west of San Pedro road.

Mrs. Clara K. Harold, 71, 2642 22nd avenue, San Francisco, fractured her wrist on Monday afternoon while trying to stop a runaway car in which she was a passenger. The accident occurred near Estrada's.

Mrs. J. C. Densmoe, of the same address, said she parked her car near El Camino Real and while she was out of it the car ran away.

The accident was referred to the California Highway Patrol at Redwood City.

A soft drink delivery truck driver, Don Palmer, 445 Hamilton street, San Francisco, is believed to have run over and killed a dog belonging to nine year old Bill Stiff, 1085 Brunswick avenue, on Wednesday evening.

Palmer said he did not know what happened until questioned by Sergeant Beecher of the Daly City police.

Palmer agreed to buy Bill another dog and the youth was told to have a leash on his dog in the

## County Courthouse May Not Be Moved From Redwood City

The county courthouse may not be moved from Redwood City after all. It's all because the county might lose thousands of dollars in valuable property if the courthouse site was transferred to San Mateo, Burlingame or some other city in the northern part of the county.

The present courthouse site in Redwood City was given to the county in 1858 less than ten years after S. M. Mezes, the founder of Redwood City, emigrated from Puerto Rico and established a successful banking business on the Peninsula.

Mezes settled on land grant property of the Arguello estate and laid out the town of Mezesville which later became Redwood City.

The original deed to the courthouse property said that the property must be used "for a site for a county courthouse and jail, and other legal public buildings."

And lawyers are still undecided on what that clause actually means. Some legal Eagles believe that if the county uses the land for other purposes than public buildings it would go back to the heirs of the original owners.

A court decision may be needed to clarify the meaning of the phrase and the meaning of the conjunction "and."

The entire question now is whether it would have to be used for "a county courthouse."

However such questions have been going on for almost one hundred years.

Back in 1861 Belmont, San Mateo Villa and San Mateo each wanted the courthouse site so a general election was held. The election did not provoke a great deal of interest and Redwood City won by a two to one margin over the nearest rival.

Then in 1873 Alvinza Hayward deeded to the county lots in San Mateo on condition that a county courthouse would be erected there. The result was another election and Redwood City again won by a margin of only ten votes out of 1396.

Six months later there was another election and San Mateo won by a handsome margin but the Supreme Court came along and said that the election was null and void so the courthouse remained in Redwood City.

Since then threats have been made occasionally to raise the question again but no elections have ever been held. In fact in 1882 the matter had so much cooled off that a new two story courthouse was erected in Redwood City and there was not too much complaint.

## Two Gunmen Rob Truck Driver Of $428 Last Friday

The two gunmen who kidnapped a San Francisco truck driver at Mission street and Hillcrest avenue on Friday afternoon and robbed him of $428.47 are still at large.

The truck driver is Americo J. Giannoni, an employee of the Alioto Fish Company, of 8 Fisherman's Wharf. He was making deliveries and collections at food markets when the kidnapping occurred. He was parked on the west side of Mission street near Milo's Market but was almost hemmed in by other delivery trucks. While he was trying to get out of the parking space, a man about 24 to 26 climbed into the cab of the truck, drew out a .45 caliber automatic and said: "Just keep driving."

Giannoni drove down San Jose avenue toward San Francisco but before he had reached Alemany boulevard a 1930 blue four-door Chevrolet sedan passed. The armed truck passenger said: "Follow that car."

Giannoni followed it without questioning. He knew the gun was not far from his chest. The car, and the truck behind, drove down Alemany boulevard to Junipero Serra boulevard, then to Highway No. 1. At a point on the Skyline drive, Giannoni was ordered to halt and his day's receipts were taken. Handed over was a watch valued at $75, his wallet and the $428.47 in cash.

Before the two men left they removed the rotator from the distributor.

The man with the gun was described as of medium build, ruddy complexion and wearing a tweed jacket, blue jeans and black cap. Only description of the man who drove the Chevrolet sedan was that he wore a two-tone, brown and tan jacket.

After the robbery, Giannoni reported to San Francisco police who in turn notified the Daly City police.

# Get New Baseball Uniforms

Members of the junior baseball team sponsored by the Daly City Post No. 410 American Legion. Front row—Albert J. Belair, manager; Eugene Lorenzo, rf; Eugene Daneluz, cf; Cecil Valverde, lf; Richard Hartje, 3b; Bud Matzek, 2b.

Second row—Herman Neville, of Neville Motors; John J. Derungs, Daly City American Legion Post No. 410; Gerald Lorenzo, 1b; Edward Hallett, c; Richard Vers, ss; Robert Pilgrim, p; Robert Halier, p; Ira Neville.

# Neville Brothers Present Uniforms To Legion Team

The junior baseball team sponsored by the Daly City Post No. 410 of the American Legion was presented with the uniforms donated by the Ford Motor Co. and the Neville Brothers, 7130 Mission street, on Sunday, August 17.

The presentation was made in the upper section of Marchbank Park. Herman Neville made the actual presentation, accompanied by his brother, Ira Neville, to Comrades Albert J. Belair, manager of the team, and John J. Derungs, representing the Daly City post.

After the presentation Derungs said, "As can readily be seen the players of the team were pleased with their new uniforms and eager to go down to San Carlos for that first game in baseball togs. Such events inspire not only the happy recipients, but also the proud sponsors and donors who find satisfaction in having done a good deed to the community, state and nation. Events such as this one multiplied by the thousands of times all over the land will do much toward curbing juvenile delinquency which has had too much of a good start during and after the war."

## Point About Points

"The motorist boasted that his car, showing 36,000 miles of service, had the original spark plugs and distributor," relates L. G. Evans, General Service Manager of National Automobile Club. "Even as he made his claim, the engine died and refused to start, creating one of those embarrassing moments in traffic. Without asking any questions, the mechanic called in the emergency, recommended new plugs and attention to the distributor."

# NEWS FROM TRAFFIC COURT

Ralston Williams, 27 Hillcrest drive, was fined $100 and had his driver's license suspended 30 days by City Judge William J. Sweeney in traffic court on Friday afternoon. Williams was arrested on August 10 while driving west on Hillcrest drive on the wrong side of the street and under the influence of liquor. He was also charged with reckless driving. He pleaded guilty to the charges.

Judge Sweeney dismissed the case against Stanley L. Fensier, 21, of Redwood City. Fensier was charged with failing to obey a flashing yellow or caution signal on Junipero Serra boulevard on July 13. According to the police report, Fensier was driving south on the boulevard and struck William J. Charles, 390 Fair Oaks street, who was either riding or pushing his motorcycle across the highway near School street.

Fensier pleaded not guilty to the charge.

Raymond J. Flanagan, 423 91st street, Colma, was fined $5 for dumping newspapers and junk in the vicinity of Railroad avenue.

Richard Olinger, 5 Bismark street, was fined $10 for not having a muffler on his motorcycle.

The following did not appear in court and thus forfeited their bail:

Perry L. Gast, 1412 Shafter street, San Mateo, $40, disturbing the peace.

John Simaitis, 1015 5th street, San Francisco, $10, drunk in a public place.

Roy Smith, 141 5th street, San Francisco, $5, drunk in a public place.

## Big Bear Fishing

Good catches of bluegill and crappie are reported by National Automobile Club as being taken at Big Bear Lake in San Bernardino county.

# DAHLIA SHOW WILL BE HELD SAT., AUGUST 30

Orlando Poletti, proprietor of the Geneva Florist, 910 Geneva avenue, today announced the first of what may be a series of "one flower shows" featuring district grown flowers. The initial event, a Dahlia show, will be held at the Geneva Florist this Saturday, August 30.

"The people of this district have always expressed their love for flowers in many ways," Poletti said. "We want to give home gardeners the chance to show what they can do."

District dahlia growers are cordially invited to attend the show and enter their flowers. All entries must be in by 6 p. m. Friday evening, August 29. Judging will take place on Saturday.

All efforts are being made to secure outstanding professional judges who will evaluate the district grown blooms and award prize ribbons. The names of the judges have not been made available.

One of the highlights of the Dahlia Show is expected to be a special exhibit of choice dahlias from leading commercial growers in the Bay Area. These flowers will not be judged with the district grown dahlias, however.

"These commercially grown dahlias are being shown as an example of the fine flowers which the Bay Area sends to other parts of the United States," the florist pointed out.

Special window, store decorations and flower sales are being planned for the week end according to Poletti.

"If the response proves me to be right in believing that the people of the district not only love good flowers but also grow some of the finest in San Francisco, then we may stage similar shows with other flowers in the weeks to come," he added. "We will do everything possible to encourage the home growing of fine flowers since we believe flowers are such an essential part of everyday life."

## Trout On Spinners

Some nice trout limits are being taken at Huntington Lake on spinners, reports National Automobile Club in reviewing fishing conditions of Fresno county. Fishing is also good at the mouth of Rancheria Creek.

# WOULD EXTEND J.S. BOULEVARD TO SANTA CLARA LINE

Junipero Serra boulevard should be extended to Santa Clara county as a freeway parkway, lying generally west of the suburban development.

Alameda de las Pulgas should be continued through the county as an additional local and inter-city traffic artery.

This is the policy which was adopted last Thursday by 16 planning commissions and engineers which represented cities from Burlingame to Menlo Park. They met with the county planning commission and thus set into motion a plan to relieve the tremendous increase in the volume of traffic in the county.

(On Monday County Executive Frederick Peterson said that extension of the Junipero Serra boulevard would mean double taxation for citizens of San Mateo county. He added, "High speed highways should be left to the state highway commission which is well aware of when and where such highways are needed.")

The Junipero Serra extension program would be a multi-million dollar project while the cost of the Alameda de las Pulgas program would run into the hundreds of thousands of dollars.

Members of the planning groups agreed that additional roads are needed to take care of the heavy load of vehicular traffic caused by the increase in population.

Ronald Campbell, county planning adviser, said that in 1934, when the master highway plan was formulated, there was a county population of 75,000 and 12 highway lanes north and south. Today, he added the population has trebled what it was then and there are still the 12 lanes. The only difference is that some work has been done on El Camino Real and portions of the Bayshore Highway have been widened.

He added that El Camino Real could not be widened practically.

## Deer Tip

Many deer have been taken in the Pine Mountain Area of Ventura county during last week, states National Automobile Club. All deer were fat and in good condition.

# Dr. W. Lantheaume Will Relax A Bit

After 21 years of practicing dentistry, Dr. W. J. Lantheaume has decided to relax a bit and has made arrangements for two brothers, Drs. George and John Karsant, to relieve him.

Dr. Lantheaume, while not retiring entirely, intends to specialize in oral surgery and extractions. He will also act in a supervisory capacity with the new dentists.

Twenty-one years is a long time and Dr. Lantheaume has seen his practice grow from a small rented office to hs present office building —the Daly City Dental Medical Center Building at 6273 Mission street.

Both of the new dentists are graduates of the Mission High School, San Francisco Junior College and the Physicians and Surgeons College of San Francisco. Dr. George Karsant spent three and one half years with the United States Navy and left the service as a lieutenant commander.

## Salmon Good

Salmon fishing is excellent at Trinidad and Humboldt Bay, reports the National Automobile Club. Anchovies are proving the best bait. Both Lower Eel River and the Klamath are producing good catches of steelhead.

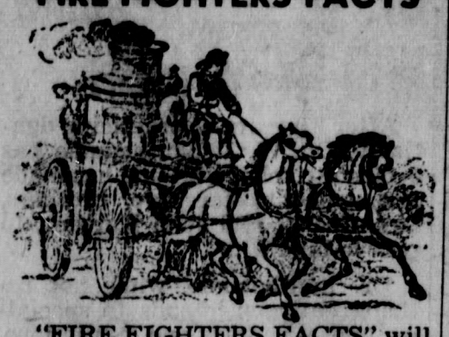
## "FIRE FIGHTERS FACTS"



"FIRE FIGHTERS FACTS" will be published each week and it is our hope and desire that you as a reader will be benefited from it.

TAKE TIME TO THINK

In order to safeguard ourselves and our property, certain information concerning fires is helpful. One of the most important pieces of advice that can be contributed is that in the event of fire one should "TAKE TIME TO THINK." Most lives are lost and most injuries occur at the time of fire because of the panic-crazed impetuousness of the people. However, it is just as important to know about fires and KNOW WHAT TO DO to prevent and control them.

In combatting fire, there are two fundamentals to be remembered.

First, remove or block out the oxygen with sand or some other material that in itself will not unite with oxygen under the influence of heat from the fire.

Second, lower the temperature at which this active combination of oxygen and material occurs, by cooling the burning substances with water or some other suitable material.

However, the proper firefighting philosophy is not, "How can one best extinguish a fire?" but, "What can be done to prevent its starting?"

The most common causes of fire in Daly City are:

1. Defective wiring.
2. Misuses of electricity (overloading lines).
3. Careless use of matches and smoking.
4. Overheating or defective chimneys and flues.
5. Overheating or defective stoves and furnaces.
6. Improper storage of combustible materials.
7. Improper handling of petroleum and its by-products.
8. Defective electrical appliances.
9. Failure to remove hot iron from ironing board when through.

Now that you know a few causes of fire in our own community please take a little time to check your home to see if you are safe from fire.

Many people believe that they know what to do in case of fire. We of the fire department often wonder, because of the fact that most of the fire calls are DELAYED we believe, and we know, the people of the house have tried to extinguish the fire themselves rather than to go to the corner and sound the alarm. In most cases where the people of the house have tried to extinguish the flames themselves, the fire has gotten away from them and the damage is far greater.

Know the location of your fire alarm box. In case of fire pull box and stand by for the fire department.

# Overtime Parking Tops List At Traffic Court

Mrs. Marion Fisher, of San Mateo, was fined $15 by Judge William J. Sweeney in traffic court on Friday. Mrs. Fisher was charged with driving 65 miles per hour on Junipero Serra boulevard.

Other speeding fines were: Kenneth Baxter, $10; Oscar Johanson, Guiseppi Mattarssci, and Joseph Garland, each $7.50; Opal Perreault, Anne Connally, Lester Smith, Elizabeth Klein, Robert Peters, Manuel Gomez, and Eugene Booner, each $5; Emil Cafferata, Wally Jentzsch, Alvroe Nenstiel, and Domonic De Angelis, each $2.50.

Fined $1.50 for overtime parking were: Morris Plansky, Harry Price, A. J. Rose, Vernon J. Rose, Joseph Sarto, John Shaw, William Siegel, Dean Talboy, Roy Harrison, Paul Henne, Thomas Irvin, Tony Jiminez, James Jones, Bill Keller, E. J. Linsley, Louis Maitland, Edward Nenstiel, J. M. Neilson, Allen Anderson, Mildred Bachman, Emmet Bagley, Alex Campbell, John Crothers, Chester Cydrus, James English, Mary Fugini, A. Geer, and R. E. Slack.

Other fines were:

Driving on the wrong side of the street, Jonathan L. Lee, $5.

Not stopping for a pedestrian in a crosswalk, John Sullivan, $2.50.

Violating the hill hold regulations, $2.50, Bruce Bain, Louis Comicia, Leo Francque, Idella Rothel, James Weiford, and Richard James.

Parking in a red zone, $2.50, M. Al Hammer; $5, Robert Peters.

Parking in a prohibited zone, $2.50, Tod Francies, Edwin Lindsey, and Pete Proncitti.

Not stopping for an arterial, $2, Joseph Caesar, Robert Heingle, Willard Hesson, and Chester Hallegor.

National fire prevention will soon be here. Let's be prepared.

## San Bruno Merchant Now Zone Chairman Of Area Lions Clubs

George Bonald, San Bruno merchant, has been named zone chairman of the Lions Club in the area from Daly City to San Mateo. Bonald is a past president of the San Bruno Lions Club.

His appointment was announced by Frank Beckman, district governor of Lions.

## Atomic Energy Commission Visits U.C.

The United States Atomic Energy Commission visited the Berkeley campus of the University of California last week, touring the Radiation Laboratory.

Research with the giant 4,000-ton cyclotron, completed last year, and the construction of other new atom-smashers in the laboratory is supported by the Commission.

The visitors included David Lilienthal, chairman of the Commission; and Commissioners Wesley Waymack, editor; Dr. Robert F. Bacher, nuclear physicist; Lewis Straus, banker; and Sumner Pike, industrialist.

# James Halloran Is New Commander Of Post No. 410

James Halloran, 239 Wellington avenue, was installed as commander of American Legion Post No. 410 during impressive installation ceremonies last Thursday evening in the high school auditorium. Mrs. Rose Giorni, 35 Como street, was installed as president of the Legion Auxiliary.

In keeping with the spirit of the American Legion and its far flung program of community betterment, Elman Rose, Daly City's director of recreation, was presented with a citation in the form of a scroll for his services to the community. Mayor Battye and Councilman Dennis made short addresses.

The installation rituals were performed by the 40 and 8 Degree team of San Mateo County Voiture 393 and by the 26th District Auxiliary Ritualistic Team. Daly City is well represented on both of these teams. Comrades Anton R. Matzek and John J. Derungs are second vice president and historian respectively of the 40 and 8 team while the Mesdames H. Prziborowski, M. Kenny, N. Murphy, and Edward Trier are members of the auxiliary team.

Outgoing Commander Henry W. Prziborowski was presented with the customary past commanders button by District Commander Lloyd Tobey and with the history of the post by Historian John J. Derungs.

Newly installed Commander Halloran was presented with a new gavel as a symbol of his authority.

Other comrades installed were:

First vice commander, Ralph Capps; second vice commander, Paul Simmons; adjutant, Peter D. Bordson; finance officer, Felix Foreman; chaplain, Edward Trier; historian, John J. Derungs; service officer, Emil G. Pahlka; sergeant-at- arms, Albert J. Belair.

Following the installation of the new officers of the post, there was an installation of the officers of the auxiliary in a no less colorful pageant.

The auxiliary officers installed were:

President, Mrs. Rose Giorni; first vice president, Mrs. Lillian Felch; second vice president, Mrs. Julia Jordan; secretary, Mrs. M. Kenny; treasurer, Mrs. Vivian Pahlka; chaplain, Mrs. Minnie Bernardi; historian, Mrs. Anne Welch; sergeant-at-arms, Mrs. Edith Belair; marshal, Mrs. Agnes Prescott; executive committee, Mrs. Catherine Foreman.

# New Arrivals

To the wife of Herbert H. Nadell, 116 Garden Lane, Colma, August 14, a son.

To the wife of Salvator J. Pusatero, 113 Hillside boulevard, August 16, a daughter.

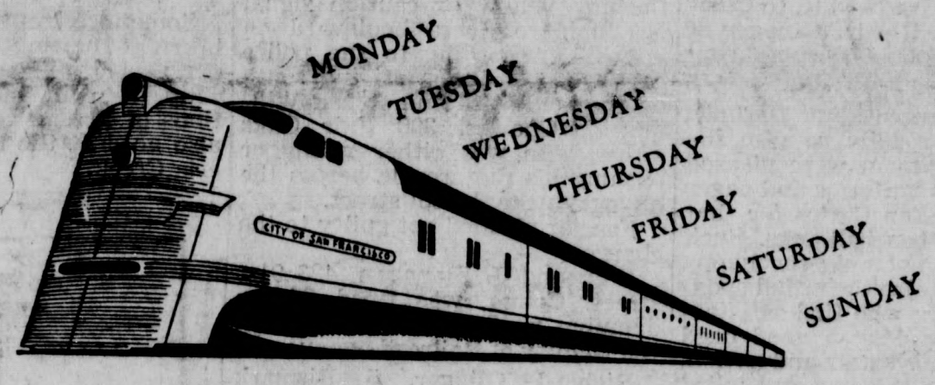
**Prevent Winter Falls**

Sprinkle salt generously on icy walks or mix salt with sand, gravel or cinders to prevent winter falls.

Starting September 1st

Streamliner "City of San Francisco"

LEAVES EVERY DAY!



**Going to Chicago?** Here is important news for business and pleasure travelers—the Streamliner *City of San Francisco* will leave *every day*, starting September 1st, instead of three times a week. It will continue the same swift 39¾ hour schedule to Chicago, over the direct Overland Route.

The daily *City* will be as luxurious as ever, with the smartest of Pullman sleeping cars, dining units, lounge cars. And for people who want the glamour of a famous streamliner with economy, there are sleek, reserved-seat reclining chair cars and a budget-helping coffee shop car. (Extra fare for chair car passengers, $5; for Pullman passengers $15.)

**Now, you may reserve your Pullman space or chair car seats *as far in advance as you wish.* Reserving in advance is advisable because this great streamliner will continue to be one of the nation's most popular trains.**

**Faster "San Francisco Overland"**

This popular daily train will be faster, starting September 1st. Just 48 hours, San Francisco to Chicago! No extra fare. A thrilling scenic day ride over the rugged High Sierra. Fine Pullmans, lounge car, diner. Economical reserved-seat reclining chair cars. Coffee shop car. Through Pullmans also to Salt Lake City, St. Louis and New York.

**SCHEDULES · Effective September 1**

*via Southern Pacific, Union Pacific, Chicago and Northwestern*

A WEEK 'TIL PAYDAY— AND YOU'RE BROKE?

Not if you use TENPLAN checks!

● That new hat, plus your regular bills, added up to more than you thought. It wouldn't have happened if you had used a TENPLAN checking account—your checkbook stubs make it easy to keep track of your money. Here's what to do. Purchase 10 checks for $1 at any branch of Bank of America. Then deposit enough money in your TENPLAN account to cover the checks you write, and the convenience of a TENPLAN account—the smart way to pay bills—is yours.

## Forty-Nine Navy Ships To Visit S.F. Sept. 26th

For the second tmie within four months the Navy's first Task Fleet will arrive in San Francisco for three day liberty and recreation following extensive training exercises in the Pacific. On September 26, 49 ships and 21,000 men are scheduled to enter the bay led by the battleship USS Iowa.

In addition to the Iowa, the fleet will include three aircraft carriers, one aircraft carrier escort, two heavy cruisers, tehree light cruisers, 25 destroyers, one destroyer escort, one submarine tender, one submarine rescue vessel, nine submarines, one storeship and one landing ship dock.

It is expected that on Saturday, September 27, a large proportion of the fleet personnel will form the nucleus of the Navy cheering section at the Navy - University of California football game to be held in Berkeley. Tickets to the game have been distributed throughout the First Task Fleet.

Visiting will be permitted aboard the ships from 1:30 to 4:30 on September 26, 27, and 28.

Location of the ships while in port will be announced at a later date by the Twelfth Naval District.

### Check Arm Signals

"Motorists should check up occasionally on the manner in which they give their arm signals," declares Bert Stewart jr., Public Safety Director of the National Automobile Club. "Such an inventory often shows a slovenliness that would be resented on the part of another driver. Remember, always, it will increase your own safety to signal any anticipated change in driving course to other motorists who will be affected by the move."

## Naval Reservists Will Participate In Fleet Maneuvers

Naval Reservists may now take a two weeks training cruise by participating in fleet maneuvers in waters off the coast of California during September, the Twelfth Naval District announced today. Reservists who request this duty will be embarked at ports in Southern California on September 14 in ships of the First Task Fleet, and then proceed to sea to engage in tactical maneuvers.

After completing the maneuvers, the ships will visit San Francisco on September 26 for three days of liberty and recreation. The Reserves will be disembarked and returned to inactive duty while the fleet is in San Francisco.

The two weeks training cruise will be one of the most interesting reserve cruises available on the west coast this year. There will be many different types of ships, with at least one of each type of the major fighting ships of the Navy. The First Task Fleet is made up of 49 ships including the battleship USS Iowa, aircraft carriers, cruisers, and destroyers.

All Reservists taking the cruise will be paid regular Navy pay and allowances. The Naval Reserve will furnish transportation from home to the port of embarkation and from port of debarkation to home. Men desiring to take part in the fleet maneuvers should forward applications to the Director of Training, Building 7, Treasure Island, San Francisco, California. Applications must be received by September 1, 1947.

## Reports Swedish Democratic Trend

"Sweden is one of the four countries in the world — the others are the United States, Canada and South Africa — where the average workman is able at the present time to be on more than a bare subsistance standard of living. This is undoubtedly because of the chance which is provided for individual opportunity for self expression."

This is the opinion of Vernon D. Keeler, University of California Extension lecturer in business organization. He has just returned from Sweden where he was one of two California delegates to attend the International Management Congress in Stockholm.

"Swedish people are very patient, thorough, and inclined to be very individualistic. Their processes of steel manufacturing are second to none in the world. A lot of their steel now goes to England and Russia, but their feeling toward the latter country is one of distrust and dissatisfaction," Keeler said.

He attended the Stockholm meeting in his capacity as Western Regional vice-president of the Society for Advancement of Management.

## Acceleration

"Acceleration is one of the big virtues of the new automobiles," declares Bert Stewart jr., Public Safety Director of the National Automobile Club. "Owners are much impressed by it. Sometimes they are over-impressed to the point that they speed up and cut in front of another car in a manner that is distinctly dangerous. It is well to remember that the other fellow's car is likely to be just as quick, if not quicker, on the pick-up."

## Keep Awake

Judgment of distance and speed of oncoming vehicles is impaired and reaction time is slowed if you become fatigued or sleepy while driving. Under such conditions let someone else take the wheel, the California State Automobile Association advises, or if you are alone, pull well off the road and rest a while.

## Keep Safe Distance

Insufficient distance between cars is the usual cause of rear-end collisions. To prevent such accidents the California State Automobile Association recommends keeping a distance of one car length for each ten miles of speed between your car and the one ahead, thereby allowing for reaction and braking time in case of emergency.

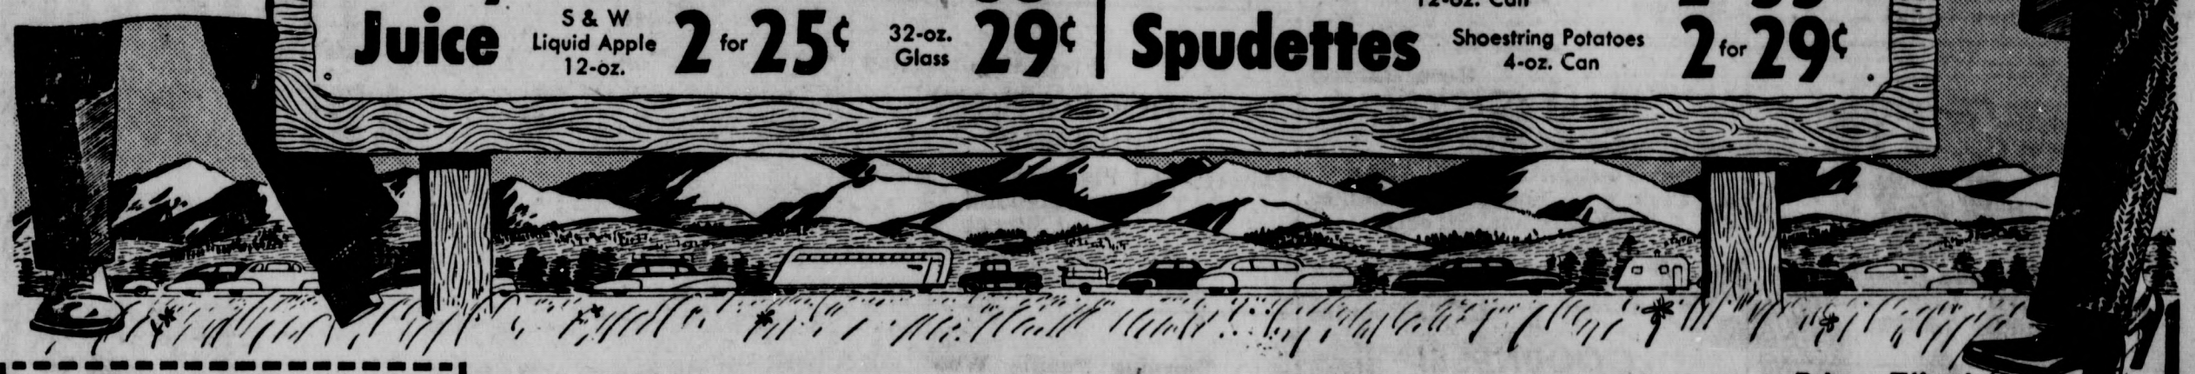
| **Spudettes** | Shoestring Potatoes 4-oz. Can | 2 for 29¢ |



## Plan good eating for Labor Day weekend

by Carol Drake

Nothing quite like good food, especially good that is, to give the Labor Day weekend a holiday air.

FROZEN ORANGE CRUSH will start the day bright. Pour orange juice into refrigerator trays; freeze to mush. Serve in sauce dishes with a saucy sprig of mint.

WHOLE KERNEL CORN FOLDED INTO SCRAMBLED EGGS with some chopped chives or parsley is a sunny surprise! (Sure, leftover roasting ears can be dekerneled for corn, but who ever has any left over?)

CRUSTY PAPRIKA POTATOES, another help to spending the day "In the Shade of the Old Apple Tree." Boil medium-size potatoes, jackets on, at same time ribs are simmering. When it's dinner time, peel, dip in melted butter, then roll in crushed corn flakes, paprika and salt. Put under broiler with ribs until heated through

Carol Drake *Director*
The Homemakers' Bureau
*An Extra Safeway Service*

*P. S.* GIVE A BACK-TO-SCHOOL PARTY. For refreshments—pop corn balls with a handle and a surprise inside! Press freshly caramelized popped corn around lollypops to form balls. Arrange bouquet-fashion in low vase or bowl for easy serving.

| | | |
|---|---|---|
| **AMERICAN CHEESE** | Dutch Mill or Kraft—2-lb. Pkg. | 89¢ |

# Chevrolet Co. To Supply Cars For Safe Driving Class

Cooperating closely with the American Automobile Association in its national driver training program, the Chevrolet Motor Division and its coast-to-coast dealer organization will supply cars to approved high schools for student instruction in safe driving.

In announcing Chevrolet participation in the campaign, T. H. Keating, general sales manager, said:

"Despite unceasing efforts by automobile manufacturers to produce safer vehicles, the number of accidents continues to mount with alarming increases in deaths, injuries and property losses.

"Accident statistics disclose that drivers in the 16-20 age group have five times as many fatal accidents in relation to miles dirven as in the total driving group.

"Driver education courses in high schools during the past 10 years have demonstrated their effectiveness. Students receiving such specialized training have had only one-half as many accidents as comparable groups which did not have the benefit of such training."

Bottleneck of the AAA program since its establishment 10 years ago, Keating said, has been the lack of an adequate number of dual-controlled cars to provide actual driving training for students under the guidance of specially trained instructors.

"Believing driver education is so important, Chevrolet and its dealer organization hope to make a substantial contribution to the program by supplying in greatly increased numbers cars to officially approved schools," Keating said.

"Thus, while only a few schools and a relatively few students have up to this time benefited from the program, we are confident the increased availability of cars will assure nationwide participation and result in instruction for many thousands of young people."

Schools participating in the program must be approved by the AAA. Aplications should be directed to the national office of that organization in Washington, D. C. Sanctioned schools must provide regularly scheduled classes coupling classroom work with actual driving experience under the supervision of qualifed personnel.

Under the program, Chevrolet will make additional allotment of cars to its dealers, who in turn will loan the vehicles to the schools. Courses will last one shcool semester.

# News Column For The Vets

Disabled veterans of World War II enrolled in educational or on-the-job training courses under Public Law 16 will receive an increase in subsistence allowance if their disability is rated at 30 per cent or higher, according to the Veterans Administration.

Under the provisions of a law voted at the last session of Congress, this group of veterans will receive $115 a month, without dependents, $135 if married, $20 for the first child, $15 each for additional children or dependent parent.

Veterans with a disability rating of less than 30 per cent will continue to receive allowances at the old rate, $105 if single, $115 with one dependent, $10 for one child, $7 for each additional child, and $15 for a dependent parent.

Other legislation passed at the last session of Congress affecting veterans included:

A 20 per cent increase in non-service-connected pensions for veterans of the Civil and Spanish-American Wars and in death compensation to their dependents, effective with payments for the month of September.

Some 113,000 veterans and 95,000 dependents of deceased veterans will benefit by the new law. VA said automatic adjustments will be wade in the amount of each check and advised these veterans and their dependents not to write or call about their cases.

Another law extended for one year the time in which veterans of World War II who lost, or lost the use of, one or both legs, may make application for automobiles or other conveyances.

The deadline for application for enlisted men's terminal leave pay was extended until September 1, 1948. These applications are made directly to the Army, Navy, Marine Corps or Coast Guard and are not handled by VA.

Another law now makes it possible for retired enlisted men and officers of Army, Navy, Marine Corps and Coast Guard to represent veterans in claims against the Veterans Administration if they are accredited representatives of one of the 68 national and state organizations authorized to file such claims.

July 25, 1947, has been established as the final day which may be counted by servicemen and women as service during World War II in establishing eligibility for education and training, loan guarantees and readjustment allowances under the G. I. Bill.

However, those who entered the service under the Armed Forces Voluntary Recruitment Act of 1945 and whose enlistment period extends beyond July 25, 1947, are not affected by the law. For those coming under the Voluntary Recruitment Act the comparable period will be from September 16, 1940 to the end of the term for which they enlisted or reenlisted.

Question: Will the amount of compensation I receive for a service-incurred disability be reduced in event I find employment?

Answer: No. Earnings from such work do not affect the amount of compensation received.

WANTED: USED TIRES
The last 1000 miles are the danger miles
...don't drive past the danger point

B. F. Goodrich tires that outwear prewar tires...now...at less than prewar prices!

WE have a big market for sound used tires:

On your car, it is impossible to detect the exact condition of a tire. But we have the experience and equipment to examine them thoroughly, to detect flaws and to select casings suitable for repairing, recapping or reconditioning. This knowledge is extra money in your pocket, because we can give you a bigger allowance if your tires can be made safe for further use.

And this allowance comes off the already lower-than-prewar price of most popular-sized B. F. Goodrich Silvertowns that *outwear prewar tires*. This new tire has a wider tread that runs flush-to-the-road, gives greater road contact; firmer footing, more even wear, more road grip: Finer, sturdier cords and more of them give the tire greater strength and suppleness to resist the road pounding of high speeds.

So don't be satisfied with less than the best when the tire that outwears prewar tires costs so little:

$1.50 DOWN - $1.25 A WEEK

# P. G. & E. Company Makes Comment On Power Supply

Commencing upon the statement of Richard L. Boke, Regional Director of the Bureau of Reclamation in Sacramento that Central and Northern California face an electric power supply emergency, W. G. B. Euler, vice-president and general manager of Pacific Gas and Electric Company said:

"It has long been recognized that the power supply situation is difficult not only in California but throughout the country. This situation has been aggravated in California by an unprecedented demand and an unusually dry year. We have taken every step within our power to insure continuance of service to every user. Thus far we have succeeded except for the reduction of power service to three large surplus industrial users and certain regulation of supply to the Ames Aeronautical Laboratory at Sunnyvale. In the case of these three companies it is well understood that they are served at special low rates which contemplate that their power supply shall be reduced where surplus or reserve power is not available. This provision now has been enforced for the protection of the supply to all the regular or "firm" customers of the Company. We anticipate and certainly hope that the reduction will be only temporary.

"At the Ames Laboratory, power is used in large quantity for short periods of the day or night. The laboratory is receiving and has received all power it requires but by special arrangement it takes its supply at agreed upon hours to avoid periods of peak demand.

"Long ago Pacific Gas and Electric Company launched a widespread development program. Immediately after the ending of the war we started building additional facilities. The work was limited only by shortages of materials and labor.

"Our expansion program is being driven forward with all possible speed. It is so far advanced that by the end of next year, 1948, $250,000,000 will have been expended and 400,000 kilowatts plus 200,000 kilowatts to be added to the capacity of the Reclamation Bureau's Shasta plant, will add an amount of power equal to 50 per cent of last year's record system peak. Facilities are now ready for the absorption of all Shasta power whenever it is available at Shasta Substation."

AMERICA'S OUTSTANDING OUTBOARD!
IT'S THE NEW
Martin
OUTBOARD MOTOR
See it now!
It's truly remarkable! You won't believe it until you see it. It's one motor that does what you always thought it would take two motors to do. It carries you over the water at speeds that take your breath away and it throttles down to perfect, crawling, mile-an-hour trolling.
It's the new MARTIN MOTOR . . . flood-proof, sputter-proof . . . instant starting. Its sparkling performance secret lies in a revolutionary new principle . . . *mechanically-controlled poppet valves!*
MARTIN gives you everything you would ordinarily expect in an outboard motor, plus many highly-important exclusive features.

## Use Low Beam

Highway safety demands, and the Vehicle Code, require that drivers of cars equipped with multiple-beam headlights use the low beam when an approaching vehicle is within 500 feet, the California State Automobile Association points out.

## Safety In Courtesy

Rude highway manners are not merely unpleasant, they are really dangerous. The California State Automobile Association points out that courtesy and consideration for other drivers could reduce highway accidents by 50 per cent.

# Women Of Moose To Hold Picnic On September 3rd

The Women of the Moose, San Francisco Chapter No. 739, will hold their unit sewing picnic next Wednesday, September 3, at Muir Woods. Friends and members are invited to attend so that they can get acquainted with both old and new members.

The next monthly meeting will be held tonight, August 28, at 26 Seventh street. Chaplain Lucille Peterson will be hostess for the evening.

Officers and committee chairmen will meet on September 4 at 8 p. m. at the home of Mrs. Peterson, 580 Sanchez street.
